Please choose a shelter other than those listed above to avoid duplications: | [Shelter List](#) | [Last Exercise Results](#)

(SPOKES) are to use Kulani 146.760- MHz PL 100.0 to check-in with Tony WH6DVI (NCS) to have a (HUB) meet with you to relay via voice your reports on an assigned simplex frequency using the ARC 213 General Message and ARC Hawaii Hurricane Daily Shelter Report forms. You can pass both messages one after the other after 9:00 AM, due to the BIARC Meeting being held on that very same day.

Simplex Frequencies used for this Drill are |146.520|146.400|146.460|146.490|146.580|147.420|147.480|147.540|

If you rather pass your own messages to ARC & ARES, you are welcome to send it via |Ardop|Packet|Pactor|Vara FM|Vara HF|Winlink Telnet| etc. [Send ARC-213 To: ARCHI](#) and [ARC Hawaii Hurricane Daily Shelter Report To: KH6FHI](#). The goal for this Drill is to encourage more operators to become familiar with Winlink and the message templates within. Please be sure to read the ARC EmComm Drill 2020 Instruction, ARC 213 Guide, view the (sample forms), (HUBS) use the ICS-309 to help keep track of relayed messages and (SPOKES) use PDF Forms highlighted below in [yellow/red](#):

- | [ARC EmComm Drill 2020 Instructions](#) | [ARC 213 Guide](#) | [ARC 213 \(sample\)](#) |
- | [ARC Hawaii Hurricane Daily Shelter Report \(sample\)](#) | [ICS-309](#) |
- Fillable/Printable PDF (2): [ARC 213 General Message](#) | [ARC Hawaii Hurricane Daily Shelter Report](#)
- Reference Information: | [BIARC Club](#) | [Relay Guide](#) by Tony WH6DVI
- [Winlink Telnet Guide](#) (internet) setup a HUB to pass your own messages via Winlink by Bev KH7LM.

Contact us below if you have any questions or want to participate as a | [HUB](#) | [SPOKE](#) | OR | [BOTH](#) |.
