

At this time we will proceed with Roll Call. I will announce your callsign twice. Please state your Callsign, Name & Siren Location. We will go down the list and then take additional check-ins.

NCS ITU not needed	Siren Spotter	NCS
AH6AE AH6AE	AH6AE Jim Waipio Valley Lookout	I copy, AH6AE Jim Waipio Valley Lookout
AH6GT AH6GT	No response	Nothing heard

Call each station via the **Roll Call Sheet** (don't need ITU phonetics only those who are checking in during additional check-ins) are required. You may have some who missed Roll Call or not regulars checking in at this time.

Net Control _____, is now taking additional check-ins starting with callsign prefix Alpha, I say again, prefix Alpha. Please state your **callsign twice** using ITU phonetics, your **Name & Siren Location**.

Prefix Kilo, callsign twice, name & siren location.
Prefix November, callsign twice, name & siren location.
Prefix Whiskey, callsign twice, name & siren location.
Are there any more check-ins or logger questions before we pause for the Siren Test?

Great tip by (AH6J) prefix method to help control pileups (**optional**). Makes keeping track of check-ins a lot easier too.

Siren Spotter using ITU phonetics on Callsign	NCS ITU not needed
AH6KO AH6KO Stan Keaau Ag Lots	I copy, AH6KO Stan Keaau Ag Lots next check-in
KH6OWT KH6OWT Brad Magic Sands	I copy, KH6OWT Brad Magic Sands next check-in

This is (your callsign), Net Control for the Big Island Monthly Siren Net. Now that the Sirens have sounded, please wait for your **Callsign** and **Name** to be called. Then report your **Siren Status** as **Working, Nothing Heard** or **Malfunction** using a **short description** of the problem you just heard.

Continue to take additional check-ins till the Siren SOUNDS then pause. Once it's done go back to the top of the Roll Call Sheet and call each checked-in stations to get their Siren Status report as (working, nothing heard or malfunction)

NCS ITU phonetics not needed	Siren Spotter	NCS
AH6AE Jim report	AH6AE Waipio Valley Lookout working	I copy, Waipio Valley Lookout working
AH6J Bob report	AH6J Shipman Park sounded weak	I copy, Shipman Park sounded weak

Ask for logger questions till none, take 2nd additional check-ins for those who did not check-in prior to the Siren Test.

Are there any **Logger Questions**?

E.g. KH6RDO say again malfunction from KD8GVO | NCS: KD8GVO describe malfunction to KH6RDO | KD8GVO 30 sec only | KH6RDO I copy, 30 sec only back to Net Control.

Net Control (your callsign), is now taking **additional check-ins**. Please state your **callsign twice** using ITU phonetics, your **Name, Siren Location & Siren Status** report.

Siren Spotter using ITU phonetics on Callsign	NCS ITU not needed
AJ0T AJ0T Ron Punaluu Sea Mountain working	I copy, AJ0T Ron Punaluu Sea Mountain working next check-in
WH6FEI WH6FEI Diana Waimea Park 90 seconds	I copy, WH6FEI Diana Waimea Park 90 seconds next check-in

Are there any more **Check-ins, Corrections** or **Logger Questions** before we close the Net?

Prepare to close the net when nothing more is heard.

Update 04/01/22 Ver 3.0
